

# CAPELLA TOWER

## Building Contact Information

This document provides an overview of the building's telecommunications capabilities. For further assistance, please call **612-672-3011**.

High Speed Broadband Internet Providers	Available	Notes
In-Building Service Providers	Yes	Arvig, AT&T, Comcast, Verizon, CenturyLink/Lumen, Level 3, Cogent, Zayo.
Broadband Related Copper Services: i.e. DSL, T1, etc.	Yes	Cogent, Comcast, Verizon.
Fiber Optic Required Circuits, i.e. 10 Mbps to 1 Gbps	Yes	Arvig, AT&T, Comcast, Verizon, CenturyLink/Lumen, Level 3, Cogent, Zayo.
TV Services	In-Building	Notes
Satellite TV	Can Be Provisioned	Excellent line of site and hosting capability.
Telecom & Wiring Infrastructure	In-Building	Notes
Riser System wiring infrastructure	Multi-Tenant Ready	Multiple carriers offer full distribution (splice boxes every fifth (5) floor). Managed, slot-based riser system installed with future capacity available.
Incoming Copper Pairs/Lines for voice and T1 services	Yes	Multiple carriers offer both copper and VOIP options to fulfill tenant’s voice and data requirements.
Distributed Antenna System	Yes	A distributed antenna system is in place to boost cellular reception throughout the building for contracted carriers
Minimum Point of Entry & Telecom Closets	Minimum Point of Entry (MPOE), each building has one MPOE located on the B1 sub-level. The main riser system is stacked on each floor with a secure, managed riser system throughout. Each telecom closet is home run fed to the MPOE with no splice closets for simplified cabling feeds to tenant suites.	
Additional Data or Telecom Resources		
	Capella Tower uniquely accommodates multiple building points of entry via unique physical locations. This provides tenants with access to several protected, underground services. Tenants have access to multiple leading providers and services, ensuring a secure and fully redundant-capable business environment.
